LAUNCH ROD ASSEMBLY

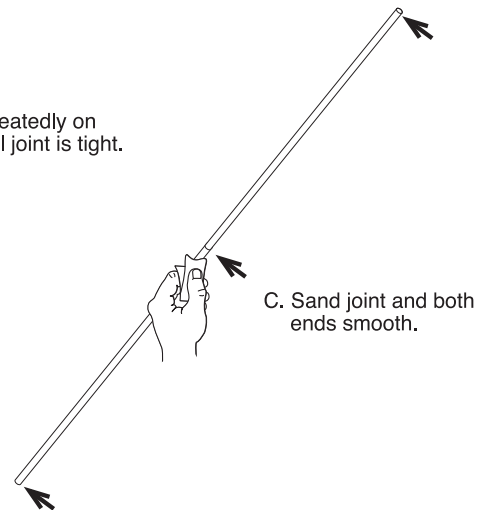

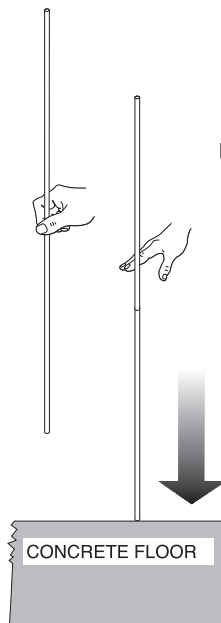

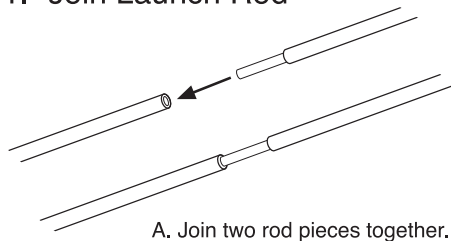

estesrockets.com

KEEP FOR FUTURE REFERENCE

IMPORTANT: Please record date code found on box and keep for future use. _____

JOIN LAUNCH ROD

1. Join Launch Rod

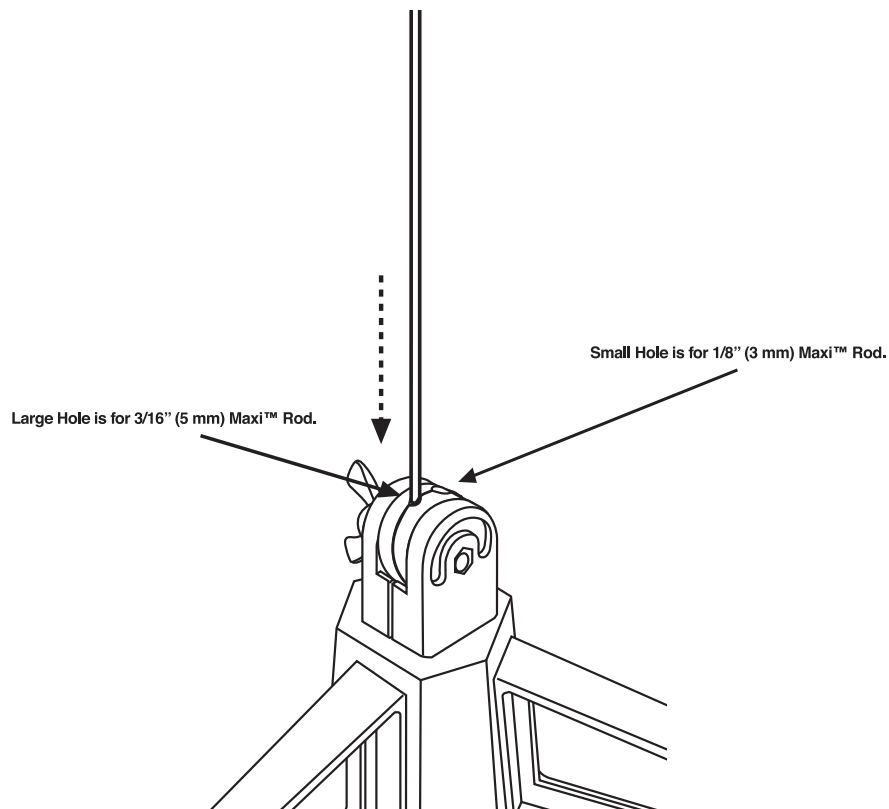

NOTE:

A rough or uneven joint will reduce performance of your rocket.

ATTACH LAUNCH ROD

1. Insert launch rod into hole (all the way in) and tighten wing nut securely.

SAFETY NOTES TO PREVENT INJURY

1. Always remove safety cap when launching rocket.
2. Do not stand directly over launch pad.
3. Replace safety cap when launch pad is not in use.
